wankee Lightweight Owner May Be Stockholder in

Every Club, but Must Control Only One.

DEFAULTING UMPIRES WILL RECEIVE NO PAY

Great Condition and President Lynch Empowered to Confer With Johnson on Schedules.

CISCO, Feb. 19.—The third of for Battling Nelson and the two 133-pounders, who league clubs puts itself on record tonight as opposed to syndicate baseball, and made some minor changes in the con-

The resolutions of disapproval read:

"Resolved. That the league is opposed to what is denominated as syndicate baseball, and it will not permit a dual ownership, where one club owns or controls another club in this league."

Owing to this phraseology, observers pointed out that the resolution does not prohibit any club owner from holding 49 per cent of the stock in one club and 51 per cent of stock in another club. In short, the same owner might be a stockholder in every club and nominally control only one.

Changes in the constitution follow:

1. That umpires who default their assignments shall be fined one day's pay, instead of \$12, as previously.

2. That a postponed game need not be played off on the grounds where postponement was made, but, if such is not done, "must be played off on the opposing club's grounds."

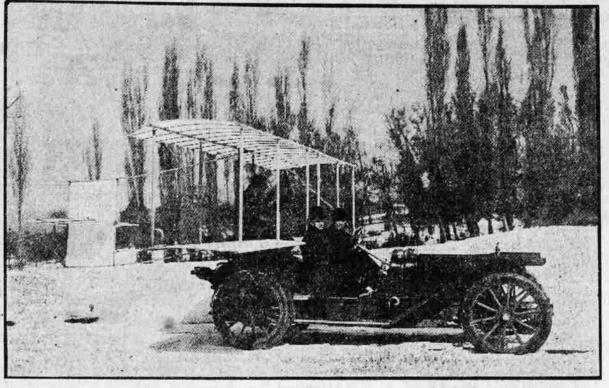

3. That the schedule meeting shall be held annually in New York on such a date in February as the president of the league may decide. Ten days' notice shall be given to each club.

President Lynch was authorized to confer with President Johnson of the Americans to devise a new method of adopting playing schedules which shall do away with such deadlocks as happened this week. The resolutions of disapproval read: its highest point on both

FIRST ROUND OF INDOOR LAWN TENNIS TOURNEY

By Associated Fress.
ST. JOSEPH, Mo., Feb. 19.—After seven unsuccessful attempts, Bert Swan, a water marvel, broke the world's record for remaining under water last night by lying at the bottom of a tank of water for three minutes and six seconds. The previous record was two minutes and thirty-eight seconds, held by A. Enid,

American Traveler Carries Biplane

L. J. GILMER DRIVING OVER FOOTHILLS.

Last week Mr. Irwin received his biplane from the east, and loading the airship on an American Traveler car, drove to the Fort Douglas reservation and made several successful flights.

Perhaps no machine on exhibition at the show this week can boast of prettier or more distinct lines than the American car, manufactured by the American Motor Car company of Indianapolis, Ind. The American cars are handled in Salt Lake by the L. J. Gilmer company.

The most popular American types are the Traveler and the Tourist. The Traveler is a four-passenger car, built-close to the ground with an underslung chassis and has all the lines of a racing machine. The underslung chassis gives a low center of gravity. The machine is equipped with forty-inch wheels. The car weighs 3200 pounds fully equipped. A. Fred Wey, the well known hotel man, is one of the latest persons in this city to order an American Traveler.

The American Tourist is a seven-passenger car built along practically the same lines as the Traveler, similarly equipped, has the same horse-power and weighs \$200 pounds. The cars can be fitted with canopy coverings for use in case of storms. The American Motor Car company also manufactures a roadster with seats for two persons. Limousine and landaulet types are also calalogued.

BUFFALO WILL GIVE SIX-DAY BICYCLE RACE

Although its twenty-four-hour race did By Associated Press. not prove a financial success, Buffalo, N. Y., intends to tackle the six days game. Promoters in that city have advertised a twelve hours a day six-day race, to take place from February 28 to March 5, inclusive.

TEAMS PREPARING TO WRIGHTS CONTROL

Wilbur Wright Will Secure Injunctions Against All Foreigners.

INTERNATIONAL MEET WILL GREATLY SUFFER

President Bishop Says Present Legal Action Is Hard Blow to Aeronautics.

By Leased Wire to The Tribune. NEW YORK, Feb. 19 .- Wilbur Wright has come to New York to lead in his fight in which he terms "infringements of aeronautic patents." When seen at the Park hotel tonight, Mr. Wright refused to discuss his plans, but his present attitude makes it plain that a snag may be struck when the Federated Aero clubs of

struck when the Federated Aero clubs of the world attempt to hold the international aviation meeting in this country this year.

Taking advantage of the crimp which the Dayton aviators have already put in the plans of exhibition aeronauts, France has launched a project to hold a competing aviation meeting at the same time when the international meeting shall be held in the United States.

The international aviation meet for which half a dozen American cities are contending would be the second such event, the first having been held last summer in Rheims, France.

The present injunction secured by the Wrights is against Louis Paulian, who has been exhibiting throughout the west. But it would be a comparatively easy matter for the Wrights to get a blanket injunction prohibiting flights by all aviators unless they used Wright machines.

The international meeting will bring to America every kind of aeroplane ever built, so each machine might legally constitute a separate infringement. President Cortlandt Field Bishop said:

Sad Blow to Aviation.

Sad Blow to Aviation.

"It is a sad blow to aviation in America. I am sorry Mr. Wright has brought his suit: it will prevent progress in the science in America."

Paulhan is under a contract of \$24,000 per month, and is at present in Texas. He would be a competitor in the international meeting in this country, but from the present predicament in which he has been thrown he may be piqued out of coming.

Young aviators will be trained there, and it is possible that an agreement will be entered into by which army officers will receive instructions.

LOCAL BUSINESS COLLEGE GIRLS ORGANIZE A TEAM

The girls attending the Henager Business college bave organized a basketball team, which is ready to play any team in the city or state. A match game has already been arranged with the Bountiful team, to be played at the Armory next Tuesday afternoon.

The Henagers have been late in starting the season and are now anxious to meet all teams in the state in a series of games for the state championship.
